We carry them with us where we go.?" Director John Glenn of Christopher Columbus: The Discovery claims that he made "a picture for the public, for children. Online Preview Download Cabeza de Vaca (1991) A Mexican film directed and written by Nicolas Echeverria. The Spanish Inquisition's protest against Columbus is also more emphasized than any of the other films mentioned. It is striking that Glenn's movie is equally as atavistic in its portrayal of the New World's "discovery" as the 1949 Columbus movie previously mentioned. Cabeza de Vaca is a Spanish explorer stranded in the New World. As a result, the film contains nothing but bad casting, acting, writing, and directing. How so?How would this initial encounter between Europeans and Native Americans represent a "clash of cultures"?How does Columbus "show off" what he has found/discovered in the New World after he has returned to Spain?Describe Columbus' second visit to the New World. I, the Worst of All (1990) An Argentinian film based on Octavio Paz's text The Pitfalls of Faith. The movie is relevant in that it chronicles the conquest of the female body and mind that occurred (in Mexico while foreign lands and people were also victims of Spain's other conquests). With all this said and done, the film might be appropriate for the entire family to watch, but its banner of "pure entertainment" cloaks its conservative vision of Columbus as a hero and the natives as a people who are happy to be colonized. How is it different from when he and his crew first came to the island?What has happened to the fort Columbus' men were left behind to build and maintain when Columbus sailed back to Spain?How do the Europeans attempt to recreate Europe in the New World?What event causes the natives to turn against the Europeans?What does Columbus mean when he says, "Paradise and Hell can be earthly. Christopher Columbus (1949) The movie emphasizes Columbus's struggle with the nobility of Spain to receive funding for his first voyage and how he eventually was sent back to Spain in chains after his third journey. Many famous Columbus myths are present in the film, too: the standing egg; cutting his head off after three days; a (Portuguese) conspiracy to keep him from reaching the New World. Sor Juana writes poetry, drama, philosophy, and letters. It also blurs the line between conquistador and conquered, since when Cabeza de Vaca eventually is "rescued" by a group of Spaniards it is unclear if he will ever be able to assimilate back into the Spanish culture that has destroyed so many natives' lives and cultures that Cabeza de Vaca now considers part of his own. Christopher Columbus: The Discovery (1992) This movie is horrible, but it makes one realize how much better Ridley Scott's 1492: Conquest of Paradise is than one might have first thought upon initially viewing Scott's film. I, the Worst of All serves as a good reminder of how people in Spain itself were conquered by the prevailing ideology of the times.The film chronicles a brilliant nun's (Sor Juana Ines de la Cruz) struggle to engage in academics during a time when the Spanish Inquisition largely believed that women should remain passive worshippers of the faith. Critics argued that he only showed Columbus as a hero and left out historical details about his crimes against and mistreatment of Native Americans. The differences between this film and 1492: Conquest of Paradise are significant: Columbus's legitimate son, Diego, is the only one mentioned; Beatriz is portrayed as royalty and is used by Bobadilla to draw Columbus into a marriage that would prevent him from sailing to the New World; the crew rebels many times on the first voyage. Many of the famous myths of Columbus are present in the film: the queen wanting to sell her jewels for Columbus's voyage; Columbus's promise to the people mutinying on his ship that he would have his head removed if land wasn't spotted in three days; Columbus standing an egg straight up on the table to prove his ingenuity. The questions will be answered in order What role did the Catholic Church/religion play in Christopher Columbus' voyage?Describe Columbus' interaction with the leaders at the University of Salamanca. Can we ever truly tell the story of the past accurately? Name:Date:Period:1492: Conquest of Paradise (1992) Viewing GuidePlease complete the questions below in detail as you watch the film. He is subsequently enslaved and befriended by various Native American tribes. Everything up, up at the end. Why or why not?Why does Columbus' crew grow angry and frustrated after they have been at sea for awhile? Nothing heavy" (Le Beau, American Studies 152). The Spanish woman is an often ignored subject in Spain's colonization of Others. What does this tell us about the nature of historical perspective and interpretation? Throughout his eight-year encounter in the New World Cabeza de Vaca assimilates to the natives' culture and is eventually regarded by various tribes as a shaman. But, surprisingly, the film also admits some of Columbus's history that questions his heroic mythology: the Santa Maria crashes on some rocks while he is asleep, and the Queen rejects Columbus's support of slavery. The film emphasizes the heterogeneity between Native American tribes and allows the viewer to understand their perspective of the Spanish conquest. But when her support leaves her and she has a letter published (that she never wanted published) that attacks the theologian who represents the king and queen of Spain, the Inquisition clamps down on her and eventually causes her to give up her studies See Also Alien (1979) Atanarjuat: The Fast Runner (2001) Avatar (2009) The Day the Earth Stood Still (1951) The Holy Office [El Santo Oficio] (1977) Independence Day (1996) It Came from Outer Space (1953) Jerico (1990) Orinoko: Nuevo Mundo [New World] (1984) The Other Conquest [La otra conquista] (1998) War of the Worlds (1953, 2005) How does this connect with the interactions between the natives and Europeans at this point in the film?What happens to Columbus after he is forced to return to Spain?How does the film's portrayal of Columbus match up with how you have viewed Columbus in your mind?The director of this film, Ridley Scott—who also directed films such as Aliens, Gladiator, and Black Hawk Down—was criticized for the way in which he portrayed Christopher Columbus in this film. Columbus is portrayed as a 15th century Zorro who woos the women, maintains order with his crew, and is a good Catholic who allows a Jewish boy on board his ship to continue practicing his faith despite Spain's exiling of the Jews. No politics. In a scene where Columbus brings exotic birds and natives before the king's and queen's court, a bird is allowed to state, "Long live the king and queen," while the natives stand mute. Beatriz is a portrayed as servant girl in the film and is pregnant with Columbus's second son as he leaves on his first voyage. There are moments when Columbus's character is questioned—his enslavement of six slaves to take back to Spain—but they are so seldom and brief that they seem more like temporary aberrations than lasting moments that might lead the audience to doubt Columbus's intentions. Since the movie relies on many stereotypes, it is surprising to find that some of its scenes reveal any historical evidence that questions Columbus's Christ-like role. The natives, once again, are used as props. She has remained free of the Inquisition's condemnation because of her aristocratic support and popularity both within and without the convent. Do they support his ideas? There is much female nudity of the natives for no other purpose than to reveal breasts. The natives in the film are nothing other than props. Is this a positive or negative interaction? What does he do to calm their concerns?Describe Columbus and his crew's reaction when they finally reach landfall.Describe the first encounter between Columbus and his crew and the natives of the island they have landed upon.
